THE DOMINION.

ALL QUIET AT QUEBEC.

National Associated Press to the Star.

QUEBEC, June 14.—All quiet here last night, and no further rioting is apprehended unless the troops are withdrawn. It is rumored that a troop of regulars will be ordered from Halifax to be stationed here. About twenty rioters were arrested yesterday, and lodged in the city jail.

THE FEELING AT MONTREAL.

MONTREAL, June 14.—Yesterday an agent of the National Associated Press found a strong feeling of sympathy for their brethren in Quebec, among the workmen. Many, in fact, all deplored the rioting that had taken place, but they said, "How can a poor man manage to support a family on less than a dollar a day? Even with that it is very difficult to make both ends meet." A workman with a family of six children said that for two weeks past he had been unable here, on 90 cents a day, to provide a pound of fresh meat for his household. "How then," he said, "can families at Quebec live on 50 cents or 60 cents per day?" The unfortunate strikers at Quebec were only getting 40 cents as a maximum of wages before the outbreak took place.

AN ASSAULTED SUICIDE.

MONTREAL, June 14.—At the St. Lawrence Hotel in this city a young man, who registered as J. D. Clegg, of England, was heard in his room snapping a revolver as if attempting to fire it. An entrance was forced, when it was discovered that he had inflicted severe wounds in his throat with a razor after having failed to discharge the revolver. The wound may prove fatal.

TWO CHILDREN BURNED TO DEATH.

AMELIABURG, Ont., June 14.—Last night at 11 o'clock the residence of Mr. George H. Sprungs, an official of this place, burned to the ground. Two children, aged twelve and nine years, were consumed. Mrs. Sprungs was also badly burned, but will recover.

National Associated Press to the Star.

LONDON, June 14.—The weavers at Blackburn will resume work at the ten per cent. reduction.

LONDON, June 14.—It is said that a secret engagement has also been entered into between England and Germany respecting Asiatic Turkey. The opinion in well informed circles is that Turkey in Europe will cease to exist.

NEW YORK, June 14.—The funeral of Mr. Bryant was held at Dr. Bellows' Church this morning. An immense crowd gathered at the church, and many handsome floral offerings were contributed. The remains were taken to Roslyn, Long Island.

WASHINGTON, June 14.—The Senate Committee on Pensions agreed to report favorably on increasing the pensions of soldiers who have lost both arms or both legs, from \$50 to \$72 a month in all cases, except where the applicant is already employed in the civil service of the Government.

NEW YORK, June 14.—One of the anchors holding the cable of the Brooklyn bridge on the New York side was pulled out at noon to-day and the cable and anchor were drawn over the tower and fell into the river. By the force of the momentum it was pulled across to the Brooklyn side. Two men were killed and three others were injured.

WASHINGTON, June 14.—The President sent the following nominations to the Senate to-day: Messrs. R. B. Fenton, of New York; William S. Groesbeck, of Ohio; and Francis A. Walker, of Connecticut, to be United States Commissioners at the International Monetary Conference; Wm. Hayden Edwards, of the District of Columbia, to be Consul General at St. Petersburg; Alexis V. Porin, of Kansas, United States Consul at Haydang; Philip Teare, United States Attorney for California; E. Jeffords, United States Attorney for the Southern District of Mississippi.

THE PEACE CONGRESS.

LONDON, June 14.—A dispatch from Berlin says the proceedings of the Congress were secret. It is said they were confined to a formal verification of the credentials of each member.

The question of the admission of the delegate from Greece was not raised during the session.

A dispatch was handed to Prince Bismarck announcing the revival of the insurance in Crete. He read it aloud, but no remarks were made upon it.

On motion of Count Andrassy, a resolution of sympathy for the Emperor of Germany was passed.

THE TURKS ARRIVE.

The Turkish representatives to the Congress arrived last evening.

BANQUETING IN BERLIN.

A great State banquet was given last night at which the Crown Prince presided. All the Plenipotentiaries to the Congress were present, except Prince Gortschakoff, who was necessarily absent, as the fatigues and excitement attending his journey have seriously injured his health. He is scarcely able to move about.

ARTICLES OF AGREEMENT.

LONDON, June 14.—The London Globe to-day publishes the full text of an agreement between England and Russia, which, it asserts, was signed at the Foreign Office in this city on the 30th of May last, and which will serve as a mutual engagement for the Russian and English Plenipotentiary at the Congress.

The conditions of the agreement provide for division of Bulgaria into two provinces, one north and the other south of the Balkans.

A provision is made for the government of the provinces, and for the departure permanently therefrom of Turkish troops.

England stipulates not to oppose the retrocession of Bessarabia or the annexation of Batoum, but reserves the right of discussing in the Berlin Congress any prospective changes relative to the Danube.

Russia agrees on her part not to take any indemnity in land from Turkey, or to advance further her Asian frontier, or to interfere with the claims of English creditors. It is agreed that the reorganization of Thessaly, Epicas and other Greek provinces shall be left to the Congress.

The province of Kettour is to be ceded by Turkey to Persia and Bayazid is to be ceded to Turkey. The question of the reorganization of Bulgaria by Europe, the passage of the Dardanelles and Bosphorus, and of the Russian military occupation of Roumania are also to be submitted to the Congress.

THE SICK CZARINA.

ST. PETERSBURG, June 14.—The condition of the Czarina has much improved. The fever has subsided and she is much stronger.

THE LIBERAL VICTORY.

LONDON, June 14.—A dispatch from Brussels says the defeat of the Conservative party at the recent election is accounted for by their organs as the result of an overweening confidence on the part of the Conservative voters. This view of the case appears to be borne out by the fact that the Liberals have not polled more votes than at the last election, when they were beaten.

The exultation of the successful party is high, but they are warned by their wiser leaders that they must now pursue a moderate policy or they will find their triumph short lived.

National Associated Press to the Star.

BROOKLYN, N. Y., June 14.—The Eagle's Washington special says: "Mrs. Jenks has been in a private boarding-house in this city for the past week. Judge Shellbagger, John Sherman's counsel, has visited her every day since her arrival, and was at her rooms until after midnight last night. Mrs. Jenks is said to have the original Sherman letter to Anderson and Weber, and it is feared Sherman has succeeded in obtaining it from her."

Rise up and Explain, Somebody.

A sub-committee of the House Common Expenditures in the Interior Department has been engaged in examining the officials of that department relative to the expenditure of an appropriation of \$45,000 made by the present Congress for the restoration of models destroyed by the fire at the Patent Office. The testimony developed the fact that a large number of persons were paid out of the money who were not employed on the work, and as a consequence the fund was exhausted before the work was completed and an additional appropriation was asked for.

A disbursing clerk of the department was shown to be the recipient of \$3,000 a year, while he is reported on the official register as receiving but \$2,000.

THE METROPOLIS.

Max's Miseries.

National Associated Press to the Star.

NEW YORK, June 14.—Max Strakosch, the well-known operative manager, was arrested yesterday by a Deputy Sheriff on the complaint of Miss Clementine Smedley, of Chicago, who charges him with breach of promise. In her affidavit she alleges that Mr. Strakosch promised to marry her in 1875, and give her a musical education, having told her that she had a magnificent voice, but in 1877 he married Miss Neilson. Strakosch denies the story, and says it is an attempt to blackmail. He promptly furnished bail to answer when called.

Firemen Injured.

Shortly after 10 o'clock last night a fire broke out in a two-story building, 129 Broadway, occupied as an auction and fancy store by Joseph, Son & Co. While the firemen were at work trying to extinguish the flames in the rear, the roof of the building fell in, burying among the ruins nearly a dozen firemen. For several hours the greatest excitement and alarm prevailed, as it was feared a number of lives had been lost. A gang of firemen were soon at work searching for their missing comrades, and in a few minutes several of the buried men were taken from the ruins and removed to the Hospital. The others were got out soon after. Several of the men were seriously injured, but none were killed.

GRANT AND SHERMAN.

Their Private Opinions Publicly Expressed.

National Associated Press to the Star.

NEW YORK, June 14.—Jesse R. Grant, son of General Grant, arrived here yesterday from Europe, where he has been with his parents. He says that his father will not return to this country until next spring, and that he keeps thoroughly posted on American matters and reads only American papers. He finds nothing to interest him in the English papers. "I can tell you," exclaimed Jesse, "he regards the Potter investigation as a useless, foolish piece of business. He thinks President Hayes duly and legally elected, and that this Congressional investigation business is arrant nonsense."

WEST POINT, June 14.—General Sherman made a very remarkable after dinner speech yesterday at a meeting of the West Point Alumni. Alluding to the possibility of his being asked to disturb the President's title, he declared that Mr. Hayes, al-

though a mild mannered gentleman, would be found to possess nerve to maintain his right if it was assailed. In doing so he would have the support of the army. This sentiment drew forth a burst of applause from veterans as well as the young graduates.

National Associated Press to the Star.

DETROIT, June 14.—The Republican State Convention met here yesterday, at the Opera-house. Hon. Zachary Chandler was elected Permanent Chairman, and he addressed the Convention in a speech of some length which was received with great enthusiasm.
